

**Vision 2020**

## **Capital Campaign - Testimonials**

**“Our church is having a mid-life crisis and we are the caretakers. Our community counts on us to share our Fathers House with all who need it. The more we share the more we care. Try it.”**

**Maddie Ostrand**

**“ You have to ask! The people of this church will respond but you have to ask.”**

**Maddie Ostrand**

**“To me this campaign is all about stewardship. Once we implement these projects we will be better stewards of our earth’s natural resources. We will be better stewards of our relationships with members and community. And we will be better stewards of our church’s and donors’ financial resources. I support such stewardship strongly!”**

**Jeff Ottum**

**“For almost 24 years my wife and I have been a part of this congregation of the United Methodist Church in Sturgeon Bay. You people have become our caring community and family of faith. We have counted on what others in the 1960-70's have done in erecting our building. Now the building is nearly 50 years old and is in need of repairs. It's our turn to support its upkeep and encourage programs aimed at church growth. We all have a chance to do that now.”**

**Rev. Jerry Krause**

**“This church has been a very important part of our life and spiritual growth. Our church is in need of some repairs and upgrades. I believe that our commitment to this Capital Campaign will help grow this church and secure it's future. Carol and I are pleased to be a part of that.”**

**Rod & Carol Krueger**

**“Our family is very excited about the Capital Campaign Vision 2020. We're hoping it will bring our church building technologically into the 21st century. We're also hoping it will increase the unity and excitement among all of the church members as we strive toward the common goal. It's specifically important to our family because we are hoping it will develop a culture of generosity among not only the church members but our family specifically that we can pass on to our children as they learn that it takes all of the members of the church to make the church run. It doesn't run itself.”**

**Cassidy Crilly**

**We need this capital campaign to secure the future of our facilities so as the caring congregation we are, we can fully embrace opportunities to share our faith and grow our church. New technologies have improved so much that the projects identified for this campaign will improve how efficiently and effectively we will be able to meet the future needs of our church members and the community. Michaela and I have been members of this church for 35 years and look forward to the church continuing to be a beacon for Sturgeon Bay.**

**Mark Holey**

**This campaign reminds us to be faithful, careful, and responsible stewards of this church. Entrusted to us by our church founders it continues to be a blessing to our whole community. As we go forward with the commitment and dedication of this church family with an eye on the growth and needs of our future, it becomes a blessing for us all to be able to say “YES!” - we will be a part of protecting our legacy and securing the continuation of our church’s mission in this community.**

**Michaela Holey**
